The Othona Community

Othona

...is a network of people across the UK and abroad. It has two permanent centres, at Bradwell-on-Sea in Essex and Burton Bradstock in Dorset.

We are an open Christian community, welcoming and involving people of all faiths and none. We offer individuals, families and groups the chance to slow down and get to know themselves and each other in beautiful, peaceful surroundings with wonderful walks and beaches nearby.

Othona is a sense of community. All who come are part of the community, sharing meals, jobs and fun, and contributing talents and ideas.
